P.O. Box 2327
Arlington, VA 22202

Dear Sir:

In response to the Office Action dated December 19, 2001, please amend the above captioned patent application as set forth below.

IN THE SPECIFICATION:

The specification was objected to because a portion of the text at the bottom of Table 1, in page 10 of the specification was missing. A corrected Table including the text is being submitted herewith. No new matter is being added as the added text is unnecessary for an understanding of the Table, and the added material is only portions of letters for which the correction is clear from the context.
